Problem 3 Summary:

Site is a large, heavily populated city with an international and very old ambience. People at the site are a mixture of nationalities. It is cool and wet, (ADR) like it's raining. There is a lot of noise at the site - traffic sounds, machinery, talking, laughing - and many smells - food, flowers, dampness, and body odors. There is a train passing to the site. Streets are narrow and crowded, and there are many tall, narrow white buildings (ADR) like long blocks of row houses. There is a very surreal feel to this city - polite, dignified.

ADR French - London

There is a rumbling sound, it's dark, with hollow echoes and there's a feeling a fast movement, almost a whoring. Flushing light and blurs of color. It gives me a very closed in feeling and a dirty feeling, like I want to wash my hands, or not touch anything. This is a ~~public~~ place and is noisy

with a lot of purple and a lot of noise.
